

FOSSIL STORIES

Exploration Guide

Tell the story of the fossil by answering these questions:

1. What is it?
2. What did this animal look like when it was alive?
3. Where did this animal live?
4. What did this animal eat?
5. What was this piece of its body used for?

Factors to Consider

- What did it look like?
 - Color, texture, feathers, scales
- How big was it?
- How did it move?
- What did it eat?
- Where did it live?
 - Water, swamp, desert, forest
- How did it die?
- When did it live?
